

HAL POINTER WINS

Another Great Stallion Race from the Gamey Direct

IN THREE STRAIGHT HEATS.

The Best Time is 2:00—Betting Twenty-five to Five in Hal's Favor. The Race Witnessed by Nine Thousand People—Nancy Hanks Against Time Maintains Her Record—Base Ball Games Yesterday.

GRAND RAPIDS, MICH., August 11.—Nine thousand shouting, excited spectators to-day saw Hal Pointer snatch another victory from the gamey stallion Direct. It was 4:30 p. m. before the event which the crowd had come to see, and for which they patiently waited, was announced. The betting was \$25 to \$5 in favor of Pointer.

First heat—Pointer had the pole, and the horses got away from the wire neck and neck at a lively clip. They kept these positions to the turn, then Geers pulled Hal Pointer ahead a length. Starr made a spurt and at the half brought Direct close onto the flank of the gelding. Direct could not hold to the pace, however, and Geers drew steadily away till he had gained a length at the last turn. Starr was fighting at the post but could not lessen the distance, and in entering the home stretch, Starr saw that he could not win, and pulled up a little and came in a length behind Direct. Time by quarters: 32 1/4, 1:04 1/4, 1:37 1/4, 2:00.

Second heat—The start was made with Direct at Hal's girl. The horses went as if tied together for the first quarter, then Hal drew away again in the next ten yards, but in the back stretch Direct drew up again. At the half Hal started to the second turn, and Direct was again left behind. At the head of the stretch Direct was going game and fast. Starr put the whip on but could not lessen the distance, and the finish was made with Direct a length behind. Time, 2:13.

Third heat—Direct had evidently given up. He went full tilt to the first quarter and then the little stallion pulled and followed Hal Pointer around the mile with a devil-may-care expression, two lengths behind. One hundred yards from the wire the little beast gave up absolutely in disgust, and jogged in three lengths and a half behind the victor. Time, 2:13 1/2.

The \$5,000 trotting race was tame, Muta Wilkes winning with ease. Nancy Hanks, with her owner, Budd Doble, as driver, made an attempt to lower her record, but succeeded in only maintaining it, and made the mile in 2:09. Summary:

2:30 trotting, purse \$5,000—Muta Wilkes won; best time, 2:19 1/4. Free for all, three-year old, purse \$1,000—Belle Flower won; time, 2:23 1/2. 2:19 trot, purse \$2,000—Nightingale won; time, 2:18 1/2. Stallion race, purse \$5,000—Hal Pointer won; best time, 2:09.

THE SMALLPOX SCARE

In New York—Measures Taken to Avert an Epidemic.

New York, August 11.—So many cases of smallpox have appeared in this city during the past few weeks that the health board fears there may be a general outbreak of the disease here during the coming fall and winter, unless energetic measures are adopted to stamp it out. The district within which the disease has been hitherto almost entirely confined lies between Canal and Fourteenth streets and Broadway and the North river. This territory has been assigned a sanitary inspector, who will begin to-morrow to visit each dwelling house and each apartment in his district and search for concealed cases of smallpox and to report the sanitary condition of the houses.

Among those invited are President Harrison, Uncle Jerry Ruess and others. Manager Tanss, of the Terminal Railway Company, will have the 3 p. m. train run up to Mr. Clark's home to accommodate the Wheeling and Martin's Ferry friends who wish to attend. This will be a great accommodation to those who expect to be present. The Martin's Ferry people can get on at the Terminal depot in Martin's Ferry. The train will leave Wheeling at 3 o'clock and return leaving Mr. Clark's about 6:30. At 4 o'clock dinner will be served. Among those present will be Rev. Dr. Anderson, of Edinburgh, Scotland. The late William G. Barnard, who was killed on Monday, was a close friend of Mr. Clark's, and expected to attend the anniversary.

BRIDGEPORT.

Matters of More or Less Moment in the Village at the other End of the Bridge.

The engine arrived yesterday for the addition to the Standard iron plant and will be set up at once. It is an elegant piece of machinery of the Corliss pattern, and capable of developing 720 horse power. This practically completes the machinery for the addition.

The boilers and furnaces are all nearing completion, and the management hopes to have the new plant ready for running in about six weeks. This addition will make the Standard one of the largest mills in America, devoting its entire attention to the manufacture of sheet and plate iron.

An election will be held soon for the purpose of deciding the question of issuing \$12,000 of bonds, the money to be used in sewerage Bridgeport and Kirkwood, and no doubt Etnaville. A good system of sewerage is very badly needed and the loan will no doubt carry at the election. With such a system as that amount would procure, the town would be exceedingly well drained.

The Presbyterian congregation of Kirkwood is improving the interior of the church by having it handsomely frescoed and putting in electric lights. A Pittsburgh firm is doing the frescoing and City Electrician Smith is putting the lights in. The ceiling will also be cleaned and repainted.

The double tenement house now being built by Dr. Fisher is being covered by a handsome slate roof, and it is intended to push the work rapidly, that the house may be occupied before bad weather. Several more tenement houses of this class would meet a long felt demand.

The foundation for the new Methodist church will be begun in a very short time, and the work will then be pushed rapidly forward until completed. The building will be modern in every particular, large and commodious and very handsome.

W. T. Graham, secretary of the Standard Iron company, went to Pittsburgh yesterday in the interest of his firm.
